Horizons of Knowledge Competence to Master the Future

Innovative developments in the field of medical technology, sophisticated new treatment methods, increasingly more stringent requirements for hospital and quality management and, last but not least, a healthy interest in acquiring new knowledge has given rise to an enormous and ever-increasing demand for further and advanced training.

The Aesculap Academy enjoys a world-wide reputation as a leading forum for surgical and medical training and answers the demands of healthcare professionals in all areas of practice. The course programme comprises a wide range of hands-on workshops, management seminars and international symposia.

Consecutive Winner 2005, 2006, 2007

Aesculap Academy courses are of premium quality and are accredited by the respective medical societies, where appropriate.

Lower Limb Arthroplasty

Introduction:

The choice of increasing numbers of differing designs and varying surfaces has become ever greater in joint arthroplasty. With this is an increasing need to measure and report on patient outcome. This symposium is designed to give a truly British perspective on what are the evolving debates in limb arthroplasty and will provide extensive knowledge on an ever changing science base. It is aimed to provide both trainees and junior consultants with the tools to approach both primary and joint revision arthroplasty in the lower limb in UK practice.

Topics:

- Hip Joint Resurfacing
- Navigation around the Hip?
- Silent Micro Hip Replacement
- A Cemented Socket in Every Case?
- Large Head Total Hip Replacement
- Patellofemoral Joint Replacements
- Robotics of Total Knee Replacement
- Biocompartmental Knee Arthroplasty
- Which Bearing in Total Hip Replacement?
- The Role for CAD CAM Femoral Components
- Navigation around the Knee: Users Perspective
- Challenging Problems in Unicondylar Knee Replacement
- Assessment and Classification of Acetabular Defects in Revision Hip Surgery
- Metal Ions and Metal on Metal Articulations: The Evaluation of a New Disease?
- A Fancy Toy or Smart Tool? Inventor's Perspective
